G Glow

By far our most popular Quickie Facial, the G Glow promises to revive dull complexions by exfoliating and hydrating your face to reveal fresh and healthy skin.

G Tox

\$45

If you've had too many glasses of Chardonnay recently (we won't tell) or your skin's simply showing signs of living in a city filled with harsh environmental elements, our detoxifying Quickie Facial is right for you. Products containing oxygen and vitamins C and E are used in this treatment, which will restore healthy circulation and revive tired skin.

G Quench

This hydrating facial is the cure for tight, dry skin which is often the result of chronic dry complexions or those brutal New England winters. If you're in need of some major moisture, visit the Beauty Bar for our Quench Quickie Facial.

G Lift

\$45

A combination of our best-selling and most technologically advanced anti-aging products are used during our Lift Quickie Facial. Saggy, sorry looking skin will instantly feel younger and tighter after enjoying one of these babies!

UPGRADES

\$10/each

Lip Plumper Get your smile perfectly plumped and ready to pucker up with our Lip Plumper Upgrade! You'll be feeling cheeky after we exfoliate, massage, moisturize, and apply gloss to your now extremely kissable set of lips.

Acne Zap Zits be gone! If you've got a blemish that you don't want ever to see the light of day again, we'll take care that it doesn't. Our high frequency machine kills bacteria on contact and delivers an instant and noticeable difference. Once you try it, you'll never feel the need to hide under a paper bag again.

Daily Vitamin Just like when you take your daily vitamin, your skin needs its own unique blend of vitamins including vitamins A, C, D, E, and K. Vitamin A restores elasticity, plumps fine lines, and controls oil production. Vitamin C lifts and tones the skin while minimizing sun damage. Vitamin E heals and restores damaged skin cells, and vitamin K strengthens capillary walls and diminishes dark eye circles. A daily vitamin is just what your esthetician ordered to get you on the path to healthy skin.

Glamour Eye Our solution to super sultry eyes for a night on the town is also one we recommend you take home with you for endless days and nights of fabulous looking eyes. Let our estheticians show you the tricks to plump fine lines, hydrate the delicate eye skin, and minimize dark under eye circles.
